Damian Wendelborn is a self employed landscape designer of 12 years experience, working predominantly in Auckland in residential gardens trading as Urbanite Landscape Design.

Damian has been a garden design tutor at Unitec Institute of Technology for the past 5 years and is professionally accredited to the Garden Design Society of New Zealand.

Often working in collaboration with owners, architects, property developers from small urban sites to larger country gardens, Urbanite Landscape Design offers creativity, versatility and experience across a range of styles, sites and budgets.
